

STREV

Moscato D'Asti DOCG

The original Moscato Marenco from Strevi: fragrant, savory, naturally sweet, and never cloying. Since 1925

Origin	100% Moscato Bianco. Marenco vineyards in Strevi.
Wine making	The grapes, manually selected and harvested, are softly pressed. The juice is then filtered and fermented in pressure tanks. Fermentatoin is interrupted through filtration when reaching 5% alcol and a delicate perlage.
Tasting notes	Straw yellow with intense aromas of citrus, apricot, fig and orange blossom; taste is pleasantly sweet and aromatic like the Moscato grapes it comes from.
Pairings and serving	The alcohol content makes it a delicious and natural thirst-quencher anytime as well as a dessert wine par excellence; it also lends itself to unusual combinations with appetizers, raw fish and sushi. Store the wine in a dry cool dark place, keeping the bottle in vertical position. Before service chill the wine at 8-10 °C.
